

STUCEY HUGGY BEAR ROSAL

AI Automation Specialist | IT Support & Systems

+63 9507536207 • Stuceyrosal15@gmail.com • San Juan, Palauig, Zambales

PROFESSIONAL SUMMARY

Fresh graduate in Industrial Technology (Computer Technology) with 1 year of hands-on IT experience and a strong self-driven background in AI automation. Proficient in building practical automation systems using AI tools including Claude and ChatGPT. Developed real-world projects including an IP Address Automation System, Task Automation System, Compliance Automation System, and an AI-powered IoT Camera. Passionate about turning business problems into working AI-powered solutions and helping teams adopt new technology with confidence.

WORK EXPERIENCE

IT Staff — Technical Support

2024 – 2025 (1 year)

Beyond Infinity Incorporated Philippines

- Provided hardware setup, configuration, and maintenance across the organization
- Managed helpdesk support — troubleshooting software, network, and device issues for staff
- Administered network support including IP address management and connectivity troubleshooting
- Assisted in deploying and maintaining internal systems and software used by business teams
- Documented technical procedures and supported non-technical users in day-to-day system use

AI & AUTOMATION PROJECTS

IP Address Automation System

- Built an automated system to manage and assign IP addresses across a network, reducing manual errors and saving administrative time

Task Automation System

- Designed an AI-assisted workflow to automate repetitive daily work tasks, improving team productivity and consistency

Compliance Automation System

- Developed a system to automate compliance checks and reporting, ensuring processes meet standards without manual review overhead

AI Camera — IoT System

- Built an AI-powered camera/IoT system integrating computer vision for real-world monitoring and automated detection use cases

TECHNICAL SKILLS

AI & Automation Tools

- Claude (Anthropic) — hands-on daily use
- ChatGPT / Blackbox AI — prompt engineering

IT & Technical Skills

- Hardware setup & configuration
- Network support & IP management

- Workflow & task automation scripting
- AI agent building & prompt libraries
- IoT integration with AI systems
- Helpdesk & technical troubleshooting
- Microsoft 365 & software systems
- System documentation & training

EDUCATION

BS Industrial Technology — Major in Computer Technology

2021 – 2025

President Ramon Magsaysay State University

Palauig Academy Educational Foundation (Secondary)

CERTIFICATIONS & TRAINING

- Microsoft Licensing Certification
- Internet Tracing / Network Fundamentals
- Self-directed AI & automation learning — Claude, ChatGPT, Blackbox AI, IoT systems

CORE STRENGTHS

- Fast learner & self-directed
- Hands-on problem solver
- Detail-oriented & organized
- Clear communicator
- Team trainer & documenter
- Curious about emerging tech
